

PREFACE

The Slottsholmen Wine List is built to serve unique, exiting and high quality wines for every occasion and to take you on a culinary journey you will both enjoy and hopefully remember for a long time after your visit. Our idea with the wine program and the top producers we have chosen to work with is that each one of them should have their own identity and an individuality that leads them back to the place they all come from; The soil, the location, their origin and their own expression of the "terroir".

At the moment our wine cellar consist of more than 650 different wines by the bottle and a wide range of wines by the glass that is specially selected based on the seasons and the food we serve from the Slottsholmen À la Carte kitchen.

Today the world renown regions of Piedmont and Burgundy dominate our wine list from the Old World; and the amazing regions of Sonoma Coast and Napa Valley from the New World but our goal is to constantly improve and develop the list and always keep broaden our vision.

If you are not sure what wine to choose to go with your food it will be our absolute pleasure to assist you so we together can find you the perfect bottle that suits your palate. Whether it's your old, or new, favourite.

Carl Hydbom Ulvaeus & John Woxberg
